

Please do NOT change our beloved radio station K-Love to Low Power FM. If this threatens to force it off the air in our area. I know of hundreds of people---businesses, students, teachers, (I am a high school teacher in Carlsbad)who listen to, and love K-Love. It is so up-lifting to have a Christian Station in town, and especially one that connects to us to the whole country. It is the only radio station that I , and a whole bunch of others around town even bother to listen to. It serves not only to help unite the community, but also to connect us to the country at large. DO NOT FORCE K-LOVE OFF THE AIR IN OUR AREA, by passing some trivial regulation. Thank you, David R. Collins
